PEDESTRIANS and automobiles alike find the going slow in downtown Washington as heavy snow falls over the area. An accumulation of 10 inches of snow was dumped on the Capital city. (AP Wirephoto)

Sub-Zero Cold Slows East After Blizzard

NEW YORK (AP) — Bitter cold hampered the massive snow removal job as the East struggled today to return to normalcy after a paralyzing blizzard.

The cold spread into the East from the Midwest and plunged overnight temperatures to below zero on the heels of the worst Eastern snowstorm in two years.

At least 39 deaths were attributed to the blizzard.

In New York City, where the mercury dropped to 11 degrees at 2:30 a.m., more than 100 persons took refuge in state armories opened by Gov. Nelson A. Rockefeller to house the snowbound and others whose apartments and homes had no heat.

Schools closed.

Hotels did a booming business Tuesday night.

Most schools were closed again today all along the coast, including those in New York, the nation's largest city.

In New Jersey, Gov. Richard

J. Hughes declared today a banking holiday.

Major airports in the East remained closed overnight as crews worked to clear runways to allow at least a limited resumption of operations. These included Kennedy and LaGuardia airports in New York, Newark Airport and Philadelphia International Airport.

In Philadelphia, where 14 inches of snow fell, the city pressed a snow-melting machine into duty on an experimental basis but freezing temperatures proved it ineffective. The machine sucks up snow, melts it and pumps the water onto the street to run into sewers. But the water froze before it could run off. The city planned to use salt to combat this.

Business Slowed
The blizzard dumped 13 inches of snow in New York City, 16 in Washington, D.C., and 9 in Boston. The snowfall in New

York was the heaviest in six years.

The storm cut deeply into businesses in many areas, as they came to a practical standstill by noon. Factories, shops, offices and department stores closed. Restaurants and stores were virtually deserted.

US Plane Shot Down In Early Hours Of Truce

SAIGON, South Vietnam (AP) — A U.S. photo reconnaissance plane was downed in North Vietnam and more than a score of shooting incidents were reported in South Vietnam following the start of the lunar new year truce today.

Most of the incidents were small, and both sides appeared disposed to hold their fire.

The American reconnaissance plane went down at noon, five hours after the truce took effect, and presumably was the victim of Communist groundfire. The pilot bailed out and a U.S. destroyer rescued him from the Gulf of Tonkin 15 miles north of Dong Hoi.

It was the 472nd U.S. plane reported lost over North Vietnam.

Of 22 incidents reported by the U.S. and South Vietnamese military commands in the first 10 hours of the truce, eight were classified as significant. Most were exchanges of fire by patrol or sniper fire at helicopters.

The U.S. Command said the plane lost in the north was an unarmed RF101 jet on a photo mission. The United States has suspended bombing missions against North Vietnam for the four-day truce period but is continuing reconnaissance patrols.

On the Communist side, the truce was declared only by the Viet Cong. Thus North Vietnam feels free to fire on planes intruding into its air space. North Vietnam does not concede that its troops are fighting in the south.

Highway Dept. Report Is Kept Under Wraps

LANSING (AP) — Findings in a probe of the State Highway Department will be kept under wraps until the investigation is completed, Deputy Atty. Gen. Leon Cohan reported Tuesday. "We don't want to reveal piecemeal what is indicated," Cohan told the State Highway

Underpaid

LANSING (AP) — There were more underpayments than overpayments on highway contracts last year, reports the State Highway Commission.

One of the charges in a current attorney general's probe of the department is that some contractors received too many overpayments

Commission. "When the investigation is completed, we will make a full report to the governor, the Highway Commission and the public."

Cohan said the investigation is in full swing "with several investigators and attorneys following up every lead we have." as the probe first was directed toward allegations of overpayments to some contractors, including Holloway Construction Co. of Wixom.

Holloway, however, is suing the state for \$1.25 million it claims is still owed for 7.8 miles of construction on I-94 in Berrien County.

Tripp Denies Guilt

The probe was enlarged when Gov. George Romney said he heard "allegations" that some Highway Department officials might have benefited personally from inside knowledge.

Fred Tripp, deputy director for administration, then called a news conference and denied any personal benefit from his Highway Department connection. He detailed his holdings in Lansing and East Lansing, which include land being used for a supermarket complex and two hamburger restaurants.

Tripp told the commission and Cohan he had been subjected to "humiliation, harassment and mental anguish" because of "unfounded allegations, rumors and innuendos."

"I have had to prove my innocence and have not been afforded the opportunity to face my accuser, whomsoever it might be," Tripp said.

Tell Confidence

The three commission members present joined Chairman Ardale Ferguson of Benton Harbor in an expression of confidence in Tripp.

Tripp asked Cohan if he would follow up anonymous accusations — such as an anonymous telephone call.

"We can't ignore those things, we have to follow them up," Cohan replied. "Sometimes they lead us to very valuable information."

Cohan said the probe also will seek to clear the name of anyone unjustly accused.

The Highway Commission, meanwhile, said it has rescinded an order that anyone contacted by probers from the attorney general's office notify Tripp.

Cohan made this request but emphasized that it was done only so his investigators might have a free hand — not because Tripp was mentioned in connection with the probe.

The 4,000 Highway Department workers were instructed to cooperate with the attorney general's department.

Vets Homestead Tax Exemption Proposed

THIS PHOTO shows an unidentified object which Ralph Ditter, a Zanesville, Ohio, barber, said he photographed Nov. 13 at his home in Zanesville. Ditter said he made the picture with a polaroid camera. (AP Wirephoto)

Disabled Could Get To \$4,500 Assessment Cut

LANSING (AP) — One of the hottest issues of the 1966 legislative session—veterans' property tax exemptions — was back in the House today in a form Gov. George Romney is more likely to favor.

State Rep. Stanley M. Powell, R-Ionia, introduced a bill Tuesday to replace the current \$2,000 yearly exempt with a sliding scale of benefits ranging from \$2,500 to \$4,500.

Romney vetoed two measures in the 1965-66 session because they provided flat-rate increases in exemptions from \$2,000 to \$3,500. He said he favored a sliding scale.

Powell's bill would allow a \$3,500 exemption for any pensioned veteran or his widow and a \$2,500 exemption for the widow of any nonpensioned, nondisabled veteran of World War I, World War II or the Korean War.

A veteran of any war, including Vietnam, with a service-connected disability, or his widow, would be entitled to exemptions ranging from \$3,500 to \$4,500, depending on degree of disability.

Widows Included

The widow of a man who died in service in one of those conflicts could exempt \$4,500. A man currently in the armed forces also would be allowed a \$3,500 annual exemption during his service.

Such exemptions would not be available to persons owning real property valued at more than \$10,000 or to persons not eligible for service disability pensions who earn more than \$7,500 a year.

Powell said Romney's proposed 1967-68 budget contains provisions for the veterans' exemptions.

Close Unsafe Beaches

Other House bills introduced would allow local health officers to close unsafe bathing beaches, permit Michigan residents in the armed forces to hunt without charge and allow Wayne County communities to enact by referendum Sunday liquor sales.

The Senate delayed until today action on a concurrent resolution setting a schedule for the 1967 legislative session. The schedule would give each chamber until April 7 to pass its own tax bills and until May 5 to pass tax measures sent to it by the other chamber.

Each house then would have an extra week to act on its own appropriations measures and an extra two weeks to act on spending measures from the other house.

The schedule follows Romney's recommendation that money sources must be determined before spending measures are considered.

San Jose Saffling

A measure introduced by Sen. Robert Vander Laan, R-Grand Rapids, would provide for employment of inmates of state correctional institutions in maintenance jobs. The purpose is to reimburse the state for expenses incurred as a result of their crimes and imprisonment.

Another bill introduced by Vander Laan would allow condemnation of property to establish and enlarge municipal or state airports, landing fields and other aeronautical facilities.

Persons under 21 would be prevented from sniffing glue under a bill sponsored by Sen. Robert L. Richardson Jr., R-Saginaw.

Munising Cited For Snowmobile Championships

LANSING (AP) — Manistee and Munising have been cited for outstanding development programs in 1966 by the Greater Michigan Foundation.

Manistee was recognized for the work of its Tuesday Committee, which has directed a do-it-yourself urban renewal program.

Munising, a city with a population of 5,000 on Lake Superior, was cited for the success of its North American Snowmobile championships, held for the first time last year. The mid-February event drew at least 10,000 spectators.

The awards were announced by a Michigan Week panel of judges following county and regional competitions.

Rooftop Restaurant Fire Claims 26 Lives

MONTGOMERY, Ala. (AP) — Tiny flickers of flame swirling in a cloakroom grew swiftly into an inferno which raced through a fashionable rooftop dining room in downtown Montgomery Tuesday night, leaving at least 26 persons dead.

Identification was difficult because of the condition of the bodies, which were taken to four funeral homes. A police identification team assisted by FBI experts was set up to help establish identifications.

Water pouring from the blackened ruins of Dale's Penthouse atop the 11-story Walter Bragg Smith apartment hotel froze on the sidewalks and streets in the wintry 26-degree night, making it treacherous for firemen and police to move about.

Missing and feared dead were a former member of the State Public Service Commission, Ed Pepper, and his wife, Ann. They were dining with friends at the plush cafe when the fire started about 11 p.m.

Also missing was Mrs. Jack Doane, wife of the sports editor of the Montgomery Advertiser. She was a hostess at the dining room. Accompanied by other Advertiser reporters, Doane, choking back the tears, watched horrified as the flames leaped high into the sky above the building.

Gov. Lurleen Wallace expressed sympathy for the families of the victims "of this terrible tragedy." She and her husband, former Gov. George C. Wallace, stayed up past midnight at the executive mansion half a dozen blocks away, getting telephoned reports from an aide.

John English, assistant manager of the restaurant and one of its owners, said the fire began in a cloakroom off the cocktail lounge adjoining the main dining room.

Besides the dead, at least eight persons were injured, most of them by smoke inhalation.

Weather

By The Associated Press

ESCANABA AND VICINITY—Considerable cloudiness and cold with occasional snow flurries likely today and tonight. High today, 30, low tonight, 8. Thursday, a little warmer with chance of snow or snow flurries. High yesterday, 30 and low overnight, 3. Precipitation probabilities: today, 30%; tonight, 40%; Thursday, 30%.

News In Brief

WASHINGTON—The Senate has passed a bill that would grant Vietnam war veterans benefits identical to those provided for men who served in earlier conflicts.

LANSING—The Michigan State Chamber of Commerce has declared in favor of Daylight Saving Time and urges defeat of bills to exempt Michigan from the federal time act.

BATTLE CREEK—Voters here Tuesday approved a city income tax of one per cent on residents and one-half percent on nonresidents working here.

SACRAMENTO, Calif.—Gov. Ronald Reagan, who proposes slashing state budgets by 10 per cent, got a birthday cake Tuesday. Ten per cent of the cake was missing.

SYDNEY, Australia—Arthur A. Calwell, bitter foe of participation in the Vietnam war, has been replaced by a moderate as head of Australia's Labor party. His successor, Gough Whitlam, was elected today.

WASHINGTON—President Johnson asks Congress today to strengthen the Head Start program and pass laws to reduce juvenile delinquency.

SAN ANTONIO, Texas—An Air Force scientist says space-men could survive exposure to space vacuum if they were rescued quickly.

PONTIAC—Constitutionality of Michigan's one-man grand jury system, was upheld by Oakland county judges in denying motions to dismiss contempt charges against State Rep. Bill S. Huffman, D-Madison Heights and three other men. They had been cited for refusing to answer questions by Grand Juror Judge Philip Pratt.

Tasmania Bush Fires Kill 40

HOBART, Tasmania (AP) — Forty persons were known dead today and 10 were missing after a raging holocaust of bush fires devastated the southern tier of Tasmania.

Fanned by 70-mile winds, the worst fire in the history of the Australian island state roared across rural areas Tuesday and virtually wiped out 12 towns. A total of 612 houses and 50 other buildings were burned out at an estimated cost of more than \$11 million.

Rural areas were blackened except where littered with dead sheep and cattle.

Three of the state's biggest industries were blackened ruins — a brewery, a cannery company and a big fish cannery.

Their employees stood stunned in the streets. Many had lost their homes also and some had lost relatives.

The fire began as several insignificant, seasonal summer blazes in the foothills of Mt. Wellington.

Today's Chuckle

A perfectionist is somebody who takes great pains and gives them to other people.

Big Mac Refinancing Waits Interest Drop

LANSING (AP) — The State Highway Commission reports it is ready to sell \$92.2 million in bonds to refinance the Mackinac Bridge—if the bond interest rate drops low enough.

The Legislature last year passed a bill allowing sale of general obligation bonds to refinance the bridge if their interest rate was 3 1/4 per cent or less.

Lawmakers, under pressure from Upper Peninsula residents to lower bridge tolls, thought, however, that the interest rate would not drop to 3 1/4 per cent.

Alfred Lawrence, Highway

Department finance director, told the commission that refinancing the bridge bonds would save \$1 million a year in interest costs and could make possible a slight reduction in tolls.

The \$92.2 million realized from the sale of the new bonds, plus cash and securities already held by the Mackinac Bridge Authority, would be used to retire \$98.8 million in bridge bonds still outstanding.

Expect Dip Seen
The original \$100 million bridge bond issue, financed in 1952, carried an interest rate of 4 1/2 per cent.

Lawrence told the commission the interest rate on several large general obligation bond issues neared 3 1/4 per cent during recent weeks.

"The bond experts believe the interest rate may dip lower during the next 30 to 60 days and we want to be all set to offer our issue if that should happen," Lawrence said.

Issuance of the bonds still would need approval of the Highway Commission and the State Administrative Board.

The bonds could be sold within a week after the necessary advertisements are placed in financial publications, he said.

Panel Suggests Draft Lottery

WASHINGTON (AP) — The National Commission on Selective Service will recommend to President Johnson next week a lottery draft and the induction of younger men first, sources indicated today.

Informants said the commission has decided the draft must be continued, but needs a major revamping to eliminate inequities and uncertainties.

To do this, sources said, the panel will recommend that youths 18 1/2 and 19 be eligible for the draft first, instead of men 24, 25 and 26 as now provided by the system. After registration and examination, the eligible youths would be included in a 1A pool and chosen for the draft by a lottery.

Informants said the commission plans to call for continuing student and other deferments, stipulating that after graduation a student again be included in the lottery pool and thus face the same exposure to the draft as younger men without deferments.

Hell Is Colder Than Paradise

DETROIT (AP)—It was colder in Hell than in Paradise today. As a matter of fact, Hell was all frozen over and the survival chances of a snowball were excellent.

Hell's temperature got down to 20 below zero overnight. Paradise had a mere teeth-rattling 3 below.

A quirk in the weather was the cause. It was warmer in northern than in southern Michigan today.

Hell is a village some 15 miles northwest of Ann Arbor in southeastern Lower Michigan. Paradise is a community 35 miles across Whitefish Bay from Sault Ste. Marie in the Upper Peninsula.

Pope Leads In Roman Church Lenten Ritual

VATICAN CITY (AP) — His head marked with ashes as a symbol of man's humility, Pope Paul VI today led the world's half-billion Roman Catholics into the annual Lenten season of penitence and prayer.

The pontiff received the ash smudge at the confessional altar in St. Peter's before a crowd of several thousands gathered for his weekly general audience.

In receiving the ashes, traditional symbol of penitence, Catholics are reminded by the administering priest: remember man that you are dust and unto dust must return.

Social Work Day

LANSING (AP)—Gov. George Romney has proclaimed Friday as student social work day in Michigan in recognition of young people training for social work at the state's colleges and universities.

Pope Appeals For Peace Talk

VATICAN CITY (AP)—Pope Paul VI appealed today to the United States and North and South Vietnam to turn the Buddhist new year's truce into negotiations for peace.

The Pope made his appeal in separate messages to President Johnson, President Ho Chi Minh of North Vietnam and Chief of State Nguyen Van Thieu of South Vietnam.

In his message to Johnson, the Pope said his appeals for peace had always found "a favorable reaction on your part," and he asked the President to "increase even more your noble effort" to find a way to peace.

The Pope said he hoped that the lunar new year truce, which went into effect today along with the start of Christianity's Lenten period, "may open finally the way to the negotiations for a just and stable peace, putting an end to the great sacrifices brought on by a war protracted now for years."

Hospital

Mrs. Francis Nadeau of Esplanade St. Francis Hospital. Her room is number 360.

Timothy Sabourin, 904 2nd Ave. S., has been discharged from St. Francis Hospital and is convalescing at the home of his daughter and son-in-law, Mr. and Mrs. Alfred Anderson of Geo Hill.

Wildlife Values Told

There's danger in trying to put a "price tag" on the value of the wildlife that inhabits America's woods and fields, Joseph Vogt, Escanaba district game biologist for the Conservation Department, told the Rotary Club at its meeting at the House of Ludington Tuesday noon.

"Because someone is going to talk about the need to locate an industry along a river or build a plant by a lake and come up with a higher price tag," Vogt said.

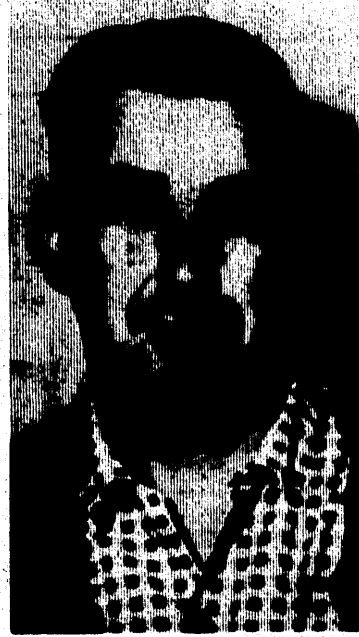

The need is for an informed and educated public approach to the values of game management, so that our people appreciate woods and fields and the birds and animals therein.

Civilization has what naturalists have described as "wild roots" backgrounds in the development of cultural values.

These are the reminders of the "split rail" heritage, in which the national background is typified by the Davy Crockett idea, Vogt pointed out.

The hunters and fishermen, the sportsmen and those who frequent the out-of-doors are in spirit reenacting American history—they are the hunters, the fur traders, the trail blazers who were this country's pioneers in an exciting and vigorous era.

Wildlife management has within its scope the education of urban people who have little realization that food is produced by man with the help of nature, Vogt said. Nature—re-

Joseph Vogt

resented by earth and water—is a stranger to many city dwellers whose concept of the "food chain" is a trip to the nearest store.

Place In Nature
Man is part of earth's biological community and to learn of animals is also helpful in understanding man, Vogt pointed out.

"In this relationship, man must be aware of his place in the total wildlife management picture—and his effect on it," Vogt said.

The hunting sportsman competes against nature, the game biologist noted. Not all hunters use guns, however, for many go into the field armed with bow and arrow, or camera, or only appreciative eyes. The vehicles that speed hunters after the game, the long range shells that bring down the quarry a great distance away are not always satisfying to the sportsman, who "gains something by limiting himself, and by also enjoying the making of duck decoys or the tying of trout flies," Vogt believes.

Replying to questions, Vogt said that the Conservation Department's outlook is changing with efforts to meet the needs of people who "have not been exposed to the pleasures of the out-of-doors and perhaps prefer bowling or other indoor activities." The Department now has a recreational services division, he noted.

Wilderness Island

Michigan United Conservation Clubs are pushing for the inclusion of conservation education in school programs. "Our own efforts to reach and inform the public are scattered—and maybe this is why we are not more effective," Vogt said.

Should there be wilderness areas? Vogt believes so, particularly Isle Royale, for example, where the national park there would retain those wild and natural features that make it distinctive above all others.

"It is impossible to put a price tag on the sound of a wolf howling or the sight of a flight of geese against the sky," the game biologist said.

Vogt was introduced by Clint Dunathan of the Rotary program committee and the meeting was conducted by Isadore Stein, club president.

NMU Prof Gets Humanities Award

MARQUETTE—Dr. James H. Jones, assistant professor of literature at Northern Michigan University, is one of the recipients of the first fellowships to be awarded by the National Endowment for the Humanities, announced the National Foundation on the Arts and the Humanities, Washington, D.C.

Jones, 37, is one of 100 teachers to receive a fellowship for younger scholars which provides support for study and research for a period of up to eight months. He will begin his study and research in September for revision of his doctoral thesis, "Shakespeare's Transformation of His Sources in King Lear," for publication. He also will study the transformation of sources in three of Shakespeare's other works.

Jacobetti For Northern Budget

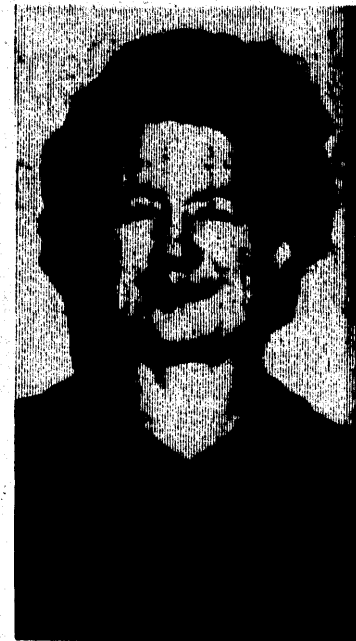

Rep. D. J. Jacobetti (D-Negaunee) today pledged his support of state appropriations requested by Northern Michigan University.

Jacobetti said he "fully endorses" the funds requested which provide \$17,401,454 for operation and building construction at Northern next year.

Northern has asked the Legislature to appropriate \$8,690,254 for NMU operations and \$8,711,200 for capital outlay projects.

Capital outlay funds are marked for beginning construction of a learning resources center, completion of final plans and beginning construction of a basic instructional center, and preliminary planning of a men's physical education building and an education building.

Women Voters Name President

Mrs. W. E. Taylor

Mrs. William E. Taylor, Ford River Road, Escanaba, has been elected president of the Escanaba League of Women Voters for the coming year, to succeed Mrs. N. L. Lindquist. She will assume her duties immediately.

Mrs. Taylor is a native of Saginaw, Mich. She holds a Bachelor of Arts degree from the University of Michigan in elementary education and taught school for eight years before her marriage. She also holds a Master of Science degree from Cornell University in Nature Study, and is a licensed bird bander for the U.S. Fish and Wildlife Service. She is well known in the community for her interest in bird-watching.

Mr. Taylor is a forester in charge of Wild Life Management for the U.S. Forest Service. The Taylors have two children who attend the Escanaba Area Public Schools. The family moved here from Oregon five years ago.

Since coming here, Mrs. Taylor has taken an active part in the work of the League of Women Voters, most recently having served as its secretary. Mrs. Luther Barrett will replace her in that position. Other officers will be elected in March at the annual meeting.

Foresters Will Attend Course

Approximately 25 professional foresters and forestry industry representatives from throughout the Upper Peninsula and Northern Wisconsin are enrolling in a Michigan State University forest products seminar to be held in Escanaba in April.

The course is scheduled at Bay de Noc Community College from 9:30 a.m. to 3:30 p.m. in each of the five Saturdays in April. MSU Professors Alan Sliker, Alexis Panahin, Otto Suchland, Monte Harold, Eldon Behr, Henry Huber, Aubrey Wylie and William Lloyd will lecture.

Law Course

school law seminar will be held in Newberry for school administrators from Marquette, Dickinson, Delta, Schoolcraft, Alger, Luce, Chippewa and Mackinac counties on the five Saturdays of April from 9:30 a.m. to 3:30 p.m. in the Falls Hotel. Instructor will be Michigan State University Professor Samuel Moore of East Lansing.

NMU To Host Debate Tourney

MARQUETTE — Debate teams from 20 Upper Peninsula high schools will compete for top honors in the U. P. championship tournament at Northern Michigan University Friday and Saturday.

Championship rounds, which get underway at 10 a.m. Saturday, will be telecast by WNMU-TV, Northern's peninsula-wide educational television network.

More than 125 prep debaters are expected to participate in the meet which will mark the conclusion of activity for the members of the U. P. High School Debate League.

Competing schools are divided into two classes, A and B.

Delta Purchases Of Seals Gain

Christmas Seal campaign contributions in Delta County have reached \$4,841 reports the Michigan Tuberculosis and Respiratory Disease Association. This is an increase over last year's total of \$4,614 reported at the same time.

Late contributions are expected to help the Christmas Seal campaign reach its goal of \$1,500,000, which will give Michigan an increase of approximately \$75,000 over last year's total campaign contributions to continue efforts in case detection, health education and research in tuberculosis, in initiating pulmonary function testing centers, breathing exercise classes for persons suffering from asthma, emphysema, chronic bronchitis and other respiratory ailments.

Favor Coeds

PRINCETON, N.J. (AP) — Most undergraduates at Princeton University expressing views in a student poll would like to share their classrooms with coeds.

Most of the dissenters said the ladies would distract them from studying.

State Vocational Education Topic Of Meeting Here

Proposals for legislation supporting a program of vocational education in Michigan were discussed at a meeting in Escanaba Monday, attended by vocational education representatives of the Upper Peninsula.

Larry Varda of the Kingsford School district convened the meeting and the speakers included Howard Maynard, director of vocational education, Macomb County; and Phil Bailey of the State Department of Education, Lansing.

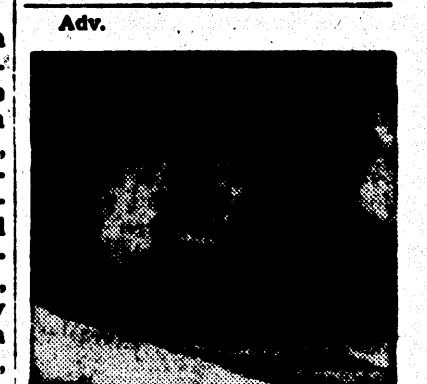

The meeting was held in the State Office Building. Suggestions were received to include in proposed state legislation designed to increase state support of vocational education.

Garden Peninsula Grange Meets

The Kater Bay Grange members met at the home of Rufus Spaulding on Feb. 4. Mrs. Paul Guertin was re-instated and Mr. and Mrs. John Paraly transferred from Pere Marquette Grange in Ludington. A surprise birthday party was held for Paul Guertin, Mrs. Alph Thibault, and Mrs. Steven Pasodna. Lunch was served and the birthday cake was made by Mrs. Paul Guertin.

Fourteen members were present and the next meeting will be held at the home of Mr. and Mrs. John Paraly, Feb. 21.

The owl was the symbol of wisdom in ancient Greece.

Relief for night-backache lets you sleep again

Sometimes backache comes like a thief in the night, "steals" away your sleep, then robs you of energy all the next day. When the cause is overwork or just the daily strain of exertion or tension, that's the time to try Doan's Pills for speedy relief. Millions have found Doan's relieving action often brings welcome relief from this nagging night-backache, headache or muscular pain in the night. Then, too, unwise eating or drinking may be the cause of minor yet annoying bladder irritation. Doan's Pills often help to bring prompt relief in two ways: first, their soothing effect on bladder irritation. And, second, their mild diuretic action tending to increase output of the 15 miles of kidney tubes. Keep Doan's Pills handy. Millions have relied on Doan's for over sixty years. And for your convenience, get the large size.

PENINSULA AIR TRANSPORT

Central Office: Municipal Airport, Escanaba, Michigan.

PAT's Air Passenger Service Begins Today

The Middle West's newest passenger airline, Peninsula Air Transport of Escanaba, began service today linking five Upper Peninsula and three downstate cities.

Approximately 2,275 miles will be flown daily by the speedy twin-engine Cessna 402, specially designed for PAT by the manufacturer. R. J. "Bud" Norton is president of PAT and Jon Thorin is operations manager. The flight schedule that began today was finalized by Norton meeting with the Michigan Aeronautics Department in Lansing on Tuesday.

Norton is director of administration for Clairmont Transfer Co. in Escanaba and Thorin operates Thorin Aviation and is manager of the Escanaba Municipal Airport.

Serve Peninsula
The plane, which is equipped with all modern facilities, will have two crews. Capt. Philip Cook will pilot with George Landolt co-pilot; and Capt. Rodman Carey, pilot, will have Jim Andrews as his co-pilot.

The air passenger service will be six days a week, Monday through Saturday.

There will be one daily round trip from Escanaba to Manistique, Sault Ste. Marie and return.

There will be two round trips daily from Marquette to Iron Mountain, Escanaba, Traverse City, Saginaw and Lansing.

The eastbound flight linking Escanaba, Manistique and Sault Ste. Marie will leave Escanaba shortly after noon. All times given are Eastern Standard.

The schedule:
Leave Escanaba 12:15 p.m., leave Manistique 12:45, leave Sault Ste. Marie for the return at 1:21, leave Manistique 1:59, arrive Escanaba 2:21.

Downstate And Back
Twice daily there will be north-south roundtrip flights to Lower Michigan out of Marquette. The morning schedule: Leave Marquette 6:45 a.m., leave Iron Mountain 7:15, leave Escanaba 7:43, leave Traverse City 8:25, leave Saginaw 9:00.

Births

Lohfink — Mr. and Mrs. Robert Lohfink of Escanaba, Mich. are the parents of a daughter, Jodi Ann, weighing 7 pounds and 6 ounces born at 1:37 p.m. on Feb. 6. The mother is the former Joanne Roberts.

RUTHSATZ — A son, Gregg Herbert, weighing 8 pounds and 6 ounces was born to Mr. and Mrs. Donald Ruthsatz of Allis, Wis. this morning. The mother is the former Barbara Getzloff, daughter of Mrs. Violet Getzloff of Carroll's Corners.

Homecoming Theme Chosen At Rapid River

Rapid River High School Homecoming Week will begin Monday, Feb. 13 with daily events throughout the week climaxed on Saturday, Feb. 18 with a homecoming game with Cooks followed by the annual Homecoming Dance. The theme for this year is "Isle of Enchantment."

Homecoming committees have been named by the student council as follows: Planning, Helen Wnuck, Lynn LaBum-bard, Bonnie Hansen, Lorraine Jacobson, Klint Safford; Decoration, Carol Bowen, Susie Callahan, Betty Petonquet, Marguerite Reinwand, Glenn Lamberg, Alan Chase, Laurel Viau, Laurel Greenlund, Beverly Kaukola, Karen Martins, Mike Laurich, Mike Beek, Ann Doonan, Sherry Finlan, Cathy Fix, Jim Trepanier, Linda Jo Deneau, Tim Fix, Carolyn King, Dorothy Stone, Kathleen Proehl, Kathryn Proehl, Tina Oberg, Emmy Nelson, Jane LaCrosse; teacher, Marc Hebert.

Band, Principal Norman Slough, Tom Nelson; refreshments, Mrs. Ray Phillips; tickets, teacher, William McGovern, Tom Novak, Gene Bezi; advertising, Klint Safford, Diane Anderson, Tom Nelson, Beverly Kaukola, Mary Bandt, Janice Bezi, Peggy McClinchy, Lorraine Jacobson, Dayna Kidd, Bonnie Hansen, Sylvia Erickson, Ruth Olson, Cynthia Pike; King and Queen, Mark Nelson, Mark Hansen, Karen Johnson, Dannelle Peterson, Bonnie Hansen, Jean Novak and Dale Pasi.

The service is in no way competitive to North Central Airlines but does complement North Central's fine service to the region, Norton said.

The "bridge flights" to Lower Michigan fill a gap left when North Central abandoned direct across Lake Michigan service when it failed to receive the necessary support.

Peninsula Air Transport is hopeful that sufficient passenger traffic will be generated to not only support the flights in the future, but to have them grow in volume.

Norton has said that he expects the operation will sustain losses the first year. He is confident, however, that growth will follow and PAT will be instrumental in furthering the economic betterment of the U. P.

"OF THE PEOPLE", Stephen Vincent Benet's classic, is read as one of the offerings of the Players De Noc to be presented Thursday and Friday nights at the Area High School auditorium at 8 o'clock. Participating will be (from left) Mrs. Carl Handrickson, Marvin Marshall and Mrs. Ed O'Leary, who are shown here in rehearsal. (Daily Press Photo)

Obituary

CHARLES ANDERSON

Complete funeral services for Charles Anderson were held at 1:30 p.m. today at the Anderson Funeral Home with Rev. James Swan of the Evangelical Covenant Church officiating. Burial was in Gardens of Rest Cemetery.

FRANCIS PAULIN

Complete funeral service for Francis F. Paulin were held at 11 a.m. today at the Alto Funeral Home Chapel with Rev. Isador Walter officiating. Burial was in Holy Cross Cemetery.

FRANK SUDAC

Funeral services for Frank Sudac were held at 10 a.m. Tuesday at St. Thomas Church with Rev. Leno Zadra officiating. Burial was in Holy Cross Cemetery. Pallbearers were, Wallace Marenger, George Shomin Jr., William Rodman, John E. Kroll, James Kutches and Kenneth Marvic.

MRS. LOUISE HARP

Complete funeral services for Mrs. Louise Harp were held at 10 a.m. today at the Boyle Funeral Home Chapel in Bark River with Rev. Alloysius Ehlinger officiating. Burial was in Lakeview Cemetery.

MICHAEL BOSNAC

Funeral services for Michael Bosnac were held at 9 a.m. today at St. Thomas Church with Rev. Arnold Thompson officiating. Burial was in Holy Cross Cemetery. Pallbearers were Michael and Stephen Stropich, Michael, Richard and Robert Kobosic and John Feltin.

Advisory Meet Held Monday

The local Area Policy Advisory Committee meeting which had been rescheduled because of weather conditions, was held Monday night in the Spalding Township Hall where the office has been located since Dec. 12, 1966.

Seven members were present and a new member, Mrs. Napoleon LaBonte Jr., of Powers, was introduced by the chairman, Henry W. Boyle of Bark River. Rev. Carl Peppiatt was

a guest and was also introduced. The Spalding Township Board has approved the erection of a sign, "Community Action Area Center", in front of the office building. The next meeting has been tentatively set for Tuesday, Feb. 14, at the office.

Social Work Meet

ANN ARBOR (AP) — Students from the schools of social work at the University of Michigan, Michigan State University and Wayne State University will hold a conference on current issues in the field of social welfare Friday and Saturday at Ann Arbor.

CAAs Of State Given \$119,240

The Office of Economic Opportunity today announced a grant of \$119,240 for technical assistance to anti-poverty projects in Michigan to be administered by the Michigan Economic Opportunity Office in Lansing. Programs assisted through the funds will serve 1,700,000 poor people in Michigan. Monies will provide technical assistance to community action agencies in Michigan.

Hospital

Mrs. Raymond Long of Park Falls, Wis. is a patient at St. Francis Hospital. Her room is 321.

ASTHMA BRONCHITIS

Research has shown that the use of inhalers can help to keep the airways open and prevent attacks of asthma and bronchitis.

Helping Our Area

There are many agencies working to improve the economy of the Upper Peninsula. They include Operation Action, which has a council composed of a very distinguished group of state industrialists, educators and professional people. It aims to bring the resources of the private sector of the economy to bear on its development.

The recent meeting of Operation Action's Council at Northern Michigan University put executive brilliance to work on public problems. The group met for two days, coming at its members' own corporate expense to make a contribution to the Peninsula's growth.

Dr. James Boyd, New York City, president of Copper Range Co., which owns White Pine Copper Co., one of the world's greatest copper resources, told about its still limitless reserves and of its technical problems of development. White Pine looks ahead to 120 years of operations at its present rate of production on its known reserves, and it is increasing its production.

Lesson: This second largest employer in the Upper Peninsula is operating an ore body abandoned after earlier efforts at developing it.

H. Stuart Harrison, of Cleveland, president of Cleveland Cliffs Iron Co., said Cliffs and its partners had invested \$146 million on mine plants on the Marquette Range since 1962, as much money as it had spent in the previous 60 years, to create the "Pellet Revolution" that has given the area its biggest mineral boom ever. Cliffs has more untapped iron reserves than it has at its operating mines.

Lesson: The big Mather Mine was operating at 25 per cent of capacity and rapidly closing when CCI developed a technique for beneficiating and pelletizing its standard ore. Today it's at 100 per cent of capacity.

Operation Action's wood industry leaders obtained its adoption of resolutions setting guidelines for government-industry cooperation that would increase wood industry in the U.P.:

1. Obtain more federal and state government exchange of forest lands so that government and private owners can block their holdings more compactly to facilitate management and harvest.

2. Encourage wood industries by making large, long-duration commitments for sale of government forest wood which make possible economical harvesting.

Lesson: These recommendations would speed and enlarge present practices rather than create new ones, so that more wood could be harvested in the U.P. at a lower cost to encourage the building here of wood converting mills.

Operation Action was encouraged by its co-chairman, Walker Ciser, board chairman of Detroit Edison Co., and Dr. Edgar L. Harden, president of Northern Michigan University, to venture in two fields outside industry.

It was urged to concern itself with the problems of higher education in the Upper Peninsula, which faces a serious trial in its efforts to maintain its present services and to expand them. If Michigan's Legislature doesn't vote an income tax in its present session, both Northern and Michigan Tech at Houghton face drastic budget paring.

Operation Action was also urged to involve itself in the new field of industry-government cooperation in the Upper Peninsula. It already has commissioned a preliminary study in this field, which is one that UPAC has been approaching from the government end of the gun. Operation Action is uniquely equipped, because of the varied capacities of its Council members, to judge and shape governmental efforts at economic development and to a degree those in social welfare betterment which the federal and state governments undertake.

Government efforts are at a pause point which makes Operation Action's availability for appraisal and guidance specially appropos. This would be a new dimension of service by the Council and one of bright promise.

It would recognize that Upper Peninsula industry is well headed into an expanding future, but that if the fruits of this economic achievement are to be brought to the public in most useful form, there must be more cooperative work by government and industry, with the universities playing an important catalytic role.

Growing Govt. Grip

WASHINGTON (NEA) — President Johnson's programs for next year call for a strengthening of the federal government's hand in state and local problems.

This appears in new proposals for the control of air and water pollution.

It is reflected in expanded presidential plans for health services.

It shows up in Johnson's growing education, poverty and welfare programs.

As the federal government's contribution to state and local activities and private individuals in the states becomes greater, Washington's say in the standards, objectives, methods and procedures governing local programs will increase.

In fiscal 1968 it is estimated that if Johnson's programs go through the federal government's participation in state and local programs will be somewhere between \$35 billion and \$40 billion, in education and training, health and welfare, aid to the poor, housing, community development, agriculture and a host of other programs. This is exclusive of Social Security and Medicare.

There are complaints from a widening circle of people. Take one example: The President has in the works a national assessment program which would evaluate achievements in school systems around the country in accord with norms set by federal programs.

Many educational groups around the country are objecting to this assessment as a step toward the curbing of central

government standards and objectives, which would, some fear, lead to federal domination of local school systems.

These objections have come from a wide range of people — liberal to conservative.

There are complaints about the federal influences which have arrived with federal aid to colleges and universities, with the poverty, hospital and welfare programs and even to some federal aided highway programs.

The President says in his budget message:

"... the federal government is providing a wide range of programs to assist state and local governments. Now the chief task is to manage these programs efficiently at every level of government. . . . This effort will require support and action by Congress."

"... we can work with state and local executives to improve budgeting and management."

"Provision will also be made for financial and technical assistance to strengthen state and local personnel management and to permit interchange of personnel between the federal government and state and local governments."

"... the federal government stands ready to cooperate with the states in developing more adequate general systems of comparative statistics — an area where state governments have great needs."

Johnson's call for a step-up in federal participation in the management and planning of state and local programs will intensify congressional opposition to key domestic portions of his budget.

Follow the Signs, You Can't Miss It—

Milliman On Michigan

Inaugural Autopsy

By RICHARD L. MILLIMAN
For Panax Newspapers

MARQUETTE — Amid the gala and friendly reception the Upper Peninsula provided for Gov. Romney were further hints of portending trouble for the popular governor's fiscal plans.

The second inaugural here last weekend was well planned and well staged.

Dedication of a new generating unit of the Upper Peninsula Generating Co. was impressive and properly hailed as indicative of the Peninsula's vibrant economic growth.

About 500 persons turned out at a Romney luncheon, and a couple hundred more at a simultaneous luncheon honoring Mrs. Romney.

Both inaugural dinners were well attended—about 250 at a \$50 a plate fund-raiser, and about twice that number at a \$6 a plate Chamber of Commerce feed.

The ballroom was pleasantly crowded for the inaugural ball. In fact, everything was a success except for the public turnout at the formal swearing-in ceremonies at the Northern Michigan University gymnasium.

With no admission charge, the gym was only half-filled. Only about 400 showed up to see Romney sworn into office again and hear his inaugural message.

Let's face it—Romney is perhaps the next President of the United States. Why weren't more people anxious to see him in the flesh?

Inaugural officials were disappointed and almost embarrassed. In addition to the gym, they had set up four monitor television sets in front of bleachers in the adjoining fieldhouse, hopefully for the overflow from the gym. Only a half-dozen young people lounged in the barren fieldhouse to watch the proceedings on TV.

Searching for answers, inaugural planners suggested three:

1. The weather was not good; a snow squall developed in mid-morning, and although clear at inaugural time, the threat of storm may have kept many from driving to Marquette.

2. Local radio and television covered the ceremony live. Hundreds of residents unquestionably watched the rites in the comfort of the living room.

3. Romney's tax message earlier in the week may have kept some away.

Although it is somewhat difficult to assign direct significance to the tax message, it was brought up three or four times by local inaugural workers in separate discussions.

Republican loyalists discounted the tax message as a reason for low attendance.

But the fact that it is considered by some as diminishing Romney's attraction indicates a pocket of dissatisfaction with his tax program or more specifically, a state income tax.

Reception of Romney's second inaugural address was intent but not enthusiastic. Of course, enthusiasm in a half-filled gymnasium is difficult to generate.

The speech was interrupted only three times by applause. Once when Romney

vowed to fight to end the tolls on the Mackinac Bridge.

The other two applause breaks were when Romney ad-libbed his determination to produce a balanced budget for 1967-68.

Interrupting his prepared talk, Romney said:

"I will not sign any appropriation bills until I have the tax bills. We're not going to spend more than we're willing to pay for."

The audience warmed up, and applauded enthusiastically.

Then he continued:

"I will not sign any tax bill that doesn't produce tax reform. Either we're going to have tax reform or we'll cut back the level of services to meet the resources available."

That means, of course, either an income tax or no tax changes at all. This time the audience also applauded, but not as warmly nor as long.

Romney's tax reform program admittedly faces a tough haul.

There is little popular support for higher taxes now, what with local property taxes generally on the increase and President Johnson calling for an income tax hike.

Nobody, even Gov. Romney, likes every part of his plan. And many dislike specific parts intensely.

Many think the rates are too low, the exemptions not high enough, and the business load too light.

School people, among others, complain that the accompanying budget is too tight, and they oppose change until their take is bigger.

Many others don't like the flat rate tax, preferring a graduated tax, and others insist on a constitutional limit on the final rate of any income tax, like in the case of our sales tax.

Others say we shouldn't do anything because we have a surplus and the economy is still good.

Then there are the political realities.

Romney's party holds only a one-vote edge in the Senate, and is even up with Democrats in the House. Some legislators have long-standing public positions opposed to an income tax; they've made promises to their constituents, too, and will find it exceedingly difficult to justify a changed stance.

And, some Democrats reason, why should they help a Republican governor, especially when many aspects of his program go against their party's public position?

Yes, indeed, the tax reform outlook for 1967 is bleak.

Getting total Republican support in the Legislature is well-nigh impossible, and Democratic votes will be hard to come by.

Success might well depend upon a public referendum, with the people asked to vote either on permitting a graduated tax or on limiting the rate, or perhaps on both questions.

Romney's Tax success in 1967—if it is to be—will call for all the finesse, persuasiveness and leadership skill he can muster.

Along with a little bit of luck.

Alaskan Recruits Teachers From State Snow Belt

LANSING (AP) — A man who came to Lansing to recruit teachers is telling them to forget these Michigan winters and come to a place where it isn't so cold—Alaska.

"Zero temperatures and a little wind make Lansing colder than it is when 30 below zero in Alaska. I guess it's the humidity," said Dr. Wendell Wolfe of the University of Alaska at Fairbanks.

"I have been a teacher in Alaska for three years and during that time the schools have never been closed even though the temperature has reached 68 below zero and the snow has piled high," he said.

Wolfe is recruiting teachers for remote Eskimo and Indian villages in Alaska.

More people get more news from newspapers than from all other sources combined.

Jim: "In the first days of contract everyone played limit raises so that if your partner opened one spade and you raised him to three you were making a strong nonforcing bid."

Oswald: "This was logical but there was one weakness. We jumped to four to show a very good raising hand and this made slam bidding so difficult that we got around to forcing jump raises and the use of a new suit bid to show the strong nonforcing raise."

Jim: "This was like going from Chicago to New York by way of Los Angeles. Yet it has been taught to the public for 30 years and is a basic part of Standard American bidding today."

Oswald: "You and I and most of our top players have gone back to limit raises. The reason is that we have been able to put lazy bids to work to cover those hands that cry out for a forcing raise. I hope that the teachers and public will be following us shortly."

Jim: "Here is a hand from 'Win at Bridge with Jacoby and Son' that illustrates the limit raise at its best. North has a good hand that is not quite strong enough to insist on game opposite South's opening spade bid. He gives a limit raise to three and South has enough over a minimum to carry on to game."

Oswald: "You could get there the long way round with a two-club response by North but this would make it easy for East to come in with a two diamond overcall."

Jim: "Four spades is a lay down because South can take five trumps, four clubs and one heart. On the other hand, East and West can bid five diamonds and go down two tricks for a good 300-point save if the limit raise is not there to shut them out."

Oswald: "You could get there the long way round with a two-club response by North but this would make it easy for East to come in with a two diamond overcall."

Ann Landers

Here's Kind Of Boy A Girl Doesn't Like

Dear Ann Landers: I am a teen-age girl who is sick and tired of hearing what kind of girls boys like or don't like. Every time you pick up a magazine there's an article that says, "Boys don't like girls who wear heavy eye make-up and fancy hair-dos," or "Boys don't like girls who order the most expensive thing on the menu." Even in your column, a few weeks ago you said, "Boys don't like girls who call them on the telephone."

Why doesn't somebody say something about the kind of boys girls don't like for a change? I have a few suggestions:

Girls don't like boys who drive like maniacs to show they aren't afraid of anything—including death and murder.

Girls don't like boys who cuss and tell rotten jokes to prove they are grown-up.

Girls don't like a boy who is sweet as honey when they are alone together but whenever anyone else is around the girl gets the drop-dead treatment.

Be a lamb and print my letter. I'd like to see it in the paper and so would a million other teen-age girls. —PATSY

Dear Patsy: O. K. I'm a lamb and here's your letter.

Dear Ann Landers: A group of us were watching TV the other night and, lo and behold, we saw a dog who said, "I love you" and "I am a chihuahua." My friends insisted that it was a fake — that somebody behind the scene was doing the talking. I said I was sure it was no fake because I once knew a woman who had a poodle that had been taught to say, "I want to go outside."

My friends looked at me as if I had lost my mind. They insist I am a liar or my imagination is playing tricks on me. I am very annoyed by their accusations because I know very well I heard that dog say, "I want to go outside" not once, but many times. I've been ridiculed so much that I'm beginning to doubt my sanity. Please tell me if you have ever heard of a talking dog. —B. DUBLE

Dear B.D.: Dogs can be taught to imitate sounds but they do not know what they are saying. If you want to call this "talking," go ahead. After listening to some supposedly bright people lately, I prefer the dogs.

Dear Ann Landers: My husband and I both work and we have a better than average income. We have a nice home and lovely furniture but he makes a federal case of it every time I want to buy a stick of furniture or even a one-dollar knick knack. If it were up to him we wouldn't have any rugs or curtains. Yet he plays poker once a week and his losses are considerable. I feel that my husband should either stop playing poker or keep quiet about my "extravagance." We both read your column every day and it might help if he sees himself in print. — MIXED DEAL

Dear Deal: Every wife, even one who doesn't have a paycheck of her own, should be able to spend a few dollars on whatever she pleases — provided, of course, her husband is employed. Stand pat, woman. This is one hand no wife can afford to lose.

Unsure of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet "Dating Do's and Don'ts," enclosing with your request 35c in coin and a long, self-addressed, stamped envelope.

(c) 1967, Publishers Newspaper Syndicate

Dear Ann Landers: I am a teen-age girl who is sick and tired of hearing what kind of girls boys like or don't like. Every time you pick up a magazine there's an article that says, "Boys don't like girls who wear heavy eye make-up and fancy hair-dos," or "Boys don't like girls who order the most expensive thing on the menu." Even in your column, a few weeks ago you said, "Boys don't like girls who call them on the telephone."

Why doesn't somebody say something about the kind of boys girls don't like for a change? I have a few suggestions:

Girls don't like boys who drive like maniacs to show they aren't afraid of anything—including death and murder.

Girls don't like boys who cuss and tell rotten jokes to prove they are grown-up.

Girls don't like a boy who is sweet as honey when they are alone together but whenever anyone else is around the girl gets the drop-dead treatment.

Be a lamb and print my letter. I'd like to see it in the paper and so would a million other teen-age girls. —PATSY

Dear Patsy: O. K. I'm a lamb and here's your letter.

Dear Ann Landers: A group of us were watching TV the other night and, lo and behold, we saw a dog who said, "I love you" and "I am a chihuahua." My friends insisted that it was a fake — that somebody behind the scene was doing the talking. I said I was sure it was no fake because I once knew a woman who had a poodle that had been taught to say, "I want to go outside."

My friends looked at me as if I had lost my mind. They insist I am a liar or my imagination is playing tricks on me. I am very annoyed by their accusations because I know very well I heard that dog say, "I want to go outside" not once, but many times. I've been ridiculed so much that I'm beginning to doubt my sanity. Please tell me if you have ever heard of a talking dog. —B. DUBLE

Dear B.D.: Dogs can be taught to imitate sounds but they do not know what they are saying. If you want to call this "talking," go ahead. After listening to some supposedly bright people lately, I prefer the dogs.

Dear Ann Landers: My husband and I both work and we have a better than average income. We have a nice home and lovely furniture but he makes a federal case of it every time I want to buy a stick of furniture or even a one-dollar knick knack. If it were up to him we wouldn't have any rugs or curtains. Yet he plays poker once a week and his losses are considerable. I feel that my husband should either stop playing poker or keep quiet about my "extravagance." We both read your column every day and it might help if he sees himself in print. — MIXED DEAL

Women's Activities

MR. AND MRS. Owen Trombley of 719 S. 13th St. announce the engagement of their daughter, Joyce, to PFC Thomas H. Bastien, son of Mr. and Mrs. Harold Bastien of Stephenson. The bride-elect is a 1964 graduate of Escanaba Area High School and attended Bay de Noc Community College. She is presently a junior at Northern Michigan University. Her fiancé also attended Bay de Noc Community College and is now a medic in the U.S. Army, stationed in Korea. No date has been set for the wedding. (Lee's Studio)

Fellowship Plans St. Patrick's Day Dinner

RAPID RIVER — Plans for a St. Patrick's Day Dinner were made at the Wednesday meeting of Rapid River Congregational Women's Fellowship. The dinner has been set for Thursday, March 16, at the church parish hall with an all Irish menu featuring Irish Stew and Irish Bread.

Mrs. Esther Caswell was named chairman of the Fellowship's February Bakeless Bake Sale. "World Day of Prayer", services will be conducted Friday, Feb. 10, 2 p.m. at the Isabella Congregational Church. Fellowship members were urged to attend this service. Evening devotions were led by Mrs. Florence Holmgren.

A silent auction was held following the business meeting. The auction contributed a sizeable amount to the Fellowship treasury and an enjoyable time to the sixteen members present. Ice cream sundaes and homemade cookies were served by hostesses, Mrs. Al Bond and Mrs. Thomas Safford. The Fellowship's next meeting will be held March 1 with Mrs. George Wilbee and Mrs. John Broeders, hostesses.

Special Services Mark Beginning Of Lent

The annual Lenten devotional period begins today, Ash Wednesday, and will climax in six weeks with Easter Sunday. In Roman and Episcopal churches throughout the area, priests will place ashes on the foreheads of the faithful recalling the scriptural warning that man will some day, "return to the dust from which he came."

Charles Sigmund Will Address Woman's Club

Charles Sigmund

Charles Sigmund of the Bay de Noc Community College faculty will address the Escanaba Woman's Club at their regular meeting on Wednesday, Feb. 15 at 2 p.m. at the Chamber of Commerce Building. His topic will be, "Relationship of Higher Education to Society."

Mr. Sigmund is a full time instructor in Chemistry at the college. He received his B.S. degree from the University of Detroit in 1963 and his Master's degree in Chemistry from Wayne State University in 1966. He joined the college faculty in the fall of 1966. Mr. and Mrs. Sigmund have purchased a home in Bark River and are the parents of two small sons.

Mrs. Alfred Gossan, local soprano soloist and Mrs. George Peterson will provide the musical portion of the program. Mrs. Gossan recently performed the lead in the "Music Man," staged in Escanaba. She will appear in Lansing on Feb. 17 as guest soloist on their Lyceum series.

Program chairman for the day is Mrs. Clifford Frasher. Hostesses are Mrs. Ralph Anderson, chairman, assisted by Mrs. Norman Bergeron, Mrs. N.P. Chapekis, Mrs. Joseph Coplan, Mrs. James Emerson, Mrs. Vagn Gjedson and Mrs. Horace Provo.

Area Protestant churches are holding special services this evening with many observing the celebration of Holy Communion. Many services will feature special music and special proceedings, such as the youth of the church being in charge of the service.

Lent is observed in memory of the 40 days' fast of Christ in the desert. In Western churches the Lenten season is from Ash Wednesday until noon of Holy Saturday, the day before Easter. These six weeks and four days include 40 fasting days since Sundays are not fast days.

The Eastern churches' Lent extends over eight weeks and they do not observe Saturdays as fast days. Ash Wednesday gets its name from the practice of putting ashes on the foreheads of the faithful to remind them that "man is but dust," and must do penance.

The second Sunday before Easter is Passion Sunday and the week following is Passion Week. Palm Sunday, the Sunday before Easter, celebrates the triumphant entry of Christ into Jerusalem. Holy week begins on this day. Holy Thursday or Maundy Thursday, is in memory of the Last Supper of Christ with his disciples and Good Friday commemorates the Crucifixion.

Lenten Service At Central

Lenten services will be held at the Central Methodist Church this evening at 8 with celebration of Holy Communion. The meditation this evening will be on the first stained window at the rear of the church symbolizing Bartholomew. The chapel will be open all day for anyone wishing communion.

Personals

Fred Berger, son of Mr. and Mrs. Florian Berger of Carney is a member of the Kings Men, a vocal group which performs on the "Voice of Prophecy", a radio program which is broadcast from Glendale, Calif., on Sunday morning. It is heard over WLST at 12:30 p.m. on Sundays. Mr. Berger is a tenor and studied voice for two years at Andrews University in California. He has a B.A. degree in music and presently teaches at Glendale Academy.

Mr. and Mrs. Sylvester Leny of Gulliver spent Sunday with Mr. and Mrs. Alfred Anderson of Soo Hill.

Miss Marjorie Bjork who has been living in Escanaba since last summer has returned to Alpha, Mich.

Surprise Party

Mrs. Norval LaLonde was the honored guest Thursday evening at a surprise birthday party held at the home of Mr. and Mrs. Jerry Lancour. Many friends and relatives gathered to celebrate the occasion. Lunch was served from a buffet table centered with a large birthday cake. Co-hostesses for the party were Mrs. James Bushey and Mrs. Jerry Lancour.

MANISTIQUE

THREE LONG-TIME employees of Manistique Pulp & Paper Co. were honored Tuesday at a dinner in Sunny Shores Restaurant. From left: Frank S. Hoholik, president Arthur Anderson, Leo Gardner and Clio Brown. (Daily Press Photo)

Lynda Johnson To Entertain Greek Princess

WASHINGTON (AP) — While Lynda Johnson makes plans for a White House party spiced with royalty, the President's other daughter, Luci, is back home in Austin, Tex.

Luci and her husband, Patrick J. Nugent, returned to Austin Tuesday after visiting his parents in Waukegan, Ill., for a week.

Nugent has enrolled in two University of Texas courses toward his master's degree in business administration. Luci has no courses scheduled for the spring term, although friends said she may take a typing course.

The White House announced Tuesday that Lynda will give a dinner for 50 guests Feb. 17 in honor of Princess Irene of Greece.

The princess, 24, has been visiting in the United States for several weeks. She and Lynda have met several times.

Practical Nurses Meet Thursday

The Licensed Practical Nurses Association will meet at 7:30 p.m. Thursday at the Delta Nursing Home, Tom Rice, U.P. chairman of the L.P.N. Association of Manistique will be the guest speaker.

This is an important meeting and all members and non members are urged to attend.

Church Events

First Methodist
Thursday, Feb. 9, 4 p.m.— Junior chair practice in the lounge.

Bark River Methodist
Thursday, Feb. 9, 7:30 p.m.— Adult Bible Study Class will meet at the church. No chair rehearsal this week.

Salem Ev. Lutheran
Thursday, Feb. 9, 7 p.m.— Sunday School Teachers will meet.

First Presbyterian
Thursday, Feb. 9, 9:30 a.m.— Women's Study group.

CHRIST THE KING
Ash Wednesday Holy Communion service will take place tonight at Christ The King Lutheran Church, 13th Ave. N. and 18th St. The Senior Choir will sing, "God So Loved the World" and Rev. Erlend E. Carlson will bring the communion meditation.

Paper Mill Cites Three Retiring Men

Three retiring employees were honored by the Manistique Pulp and Paper Co. Tuesday at a dinner with supervisory personnel. In the group were Leo Gardner, with the company since Jan. 3, 1922; Arthur Anderson, with the firm from April, 1926 and Clio Brown, who joined the company Dec. 20, 1944.

In complimenting the men on achievement of a purposeful life, Frank S. Hoholik, president noted that two of the three have been with the company from its early years and their retirement marks the end of an era.

Though stockholder ownership changes, the employees regard the firm for which they work as "their company" and are involved in concern for its attainments, he observed.

Anderson, an outdoorsman, was a sorter at the mill. Mr. Gardner, who will retire in April is a papermaker. Mr. Brown, an auto mechanic before joining the mill, was a millwright.

Briefly Told

Mary Casikowski of Garden was taken by ambulance to Schoolcraft Memorial Hospital at 8:15 p.m., Monday.

The Manistique Municipal Band will hold a rehearsal Feb. 8 at 7:30 p.m. in the east room of the high school.

Mrs. Ida Sandberg was taken by ambulance from Lakefield Rest Home to Schoolcraft Memorial Hospital at 12:30 p.m., Monday.

Sadie Russell, 76 of 128 S. 4th St., was ticketed by Public Safety officers for failure to have vehicle under control after an accident at 3:30 p.m., Monday on Maple St., in the 100 block. Officers said she hit a parked car owned by Agnes McManus, Star Rte. Damage was minor.

Personals

Mrs. Mildred Baird, Brooklyn, N. Y., and daughter Barbara, on leave from a teaching position at the University of Maryland were weekend guests of Mrs. Baird's sister, Mrs. Edward Parker, Lake Shore Drive East.

Births

Mr. and Mrs. Howard L. Davis are the parents of a son born Feb. 6 at Schoolcraft Memorial Hospital. The baby weighed 6 lbs. 13 1/2 ozs. Mrs. Davis is the former Jacqueline Roberts Rice.

Mr. and Mrs. Conrad Hoholik, Rte. 1, are the parents of a son weighing 8 pounds 8 1/2 ounces born Feb. 3 in Schoolcraft Memorial Hospital. The mother is the former Lois Marie Williams.

Hospital

Admitted to Schoolcraft Memorial Hospital were: Jacqueline Davis, Diana Jenerou, Ida Sandberg, Evelyn Seifick, Genevieve Miller, Howard LaBar, Mary Casikowski, Francis McNamara, and Pearl Heric. Discharged were: Lois Hoholik and baby and Robbie Conklin.

Marquette, Escanaba's Parents Night for here Saturday, dropped an 84-55 decision to Wausau in its last start. The Marquette had three players in double figures with Bob Bartlow scoring 15 points, Rick Schoener 12 and Randy Bogota 11.

Coch Guss Lord's Stephenson Eagles snapped a seven game losing string by tripping Marquette of the Great Lakes Conference, 55-52. Trailing 31-28 at halftime, Stephenson held the Redmen to three points in the third quarter to take a 27-24 edge into the stretch. Guss Lord Jr., son of the veteran Stephenson coach, paced his mates with 17 points. Marquette returns to action with a GLC clash at Gladstone Friday night.

The Marquette Iron Rangers, who take on the U.S. Nationals at the Palestra tonight, had a frustrating time against Rochester last weekend. Coach Oake Brumm's skaters fired 89 shots on goal in the two game series but came up with only six points. That gave them a 3-3 tie and a 5-3 setback. The U.S. Nationals team, under new coach Murray Williamson, has won its last four starts.

Brad Shoultice, former Soo Blue Devil prep star, hit 18 points to lead Lake Superior State College to a 103-51 romp over Laurentian University of Sudbury. John Barton, a 6 foot 8 inch center who joined the Lakers for the first time last week, hauled down 17 rebounds. Coach Jack Brighton's eagles have a 12-4 season record.

Coach Dave Ghiardi's Munising Mustangs set an all-time school scoring record in a 96-88 Great Lakes Conference victory over Negaunee. The two-team point total is also a new record. Dan Krickard tallied 27 points for the Mustangs and John Raica picked off 23 rebounds.

Engadine is not faring well in the Eastern Conference this season but the Eagle Jayvees reached the finals of the annual conference tournament before bowing to DeTour, 62-51. They defeated Brimley, 33-21, and Cedarville, 45-43, enroute to the tourney title game.

According to Packer publicity director Chuck Lane, the Green Bay team reached a new milestone by playing before more than one million fans in 1966 for the first time in the 47 year history of the team. The total attendance for the 20 games played in 1966 was 1,102,635. Seventeen of the games were played before capacity crowds.

The Ironwood Red Devils were stunned by a frantic Superior Cathedral rally in the closing minutes of their Michigan-Wisconsin Conference game and bowed by a 50-49 margin. The Superior team trailed by nine points, 48-40, and then surged for 10 straight points to snatch the victory. The final margin came on a field goal by Dennis Van Mammen with 22 seconds remaining in the game.

Bob Manning, former Trout Creek ace, scored 37 points as Gogebic College upset Brainerd, 90-97, in Northern Junior College Conference action. Ron Horning led the Semsons to their 10th victory in 15 starts with 28 points.

Sooel College of Hancock capped its 10th victory against three defeats by bombing Rice Lake, Wis., 103-66. Dave Vertanen led the Lions with 30 points and Jon Cameron, former Manistique star, chipped in with a half dozen.

Rudyard, Manistique's foe last night, went down to its eighth defeat of the season, against three victories, by bowing to Canadian Soo Collegiate, 82-53. Jon Oja and Steve Hoppes topped the Rudyard attack with 18 points apiece.

Pat Miller, Menominee's 6 foot 3 inch junior center, is just one point shy of his school's all-time scoring record. Miller earned 23 in the losing effort against Escanaba, boosting his career total to 815. The record of 816 was established by Jim Uecker who graduated last season.

Elaine Johnson of Iron Mountain, bowling as a substitute in the Wash Day league at the Recreation Lanes, exploded a national honor count this week with a 600 series on games of 181, 196 and 231.

Sports In Brief

HAMILTON, Ont. (AP) — Angelo Mosca, six-year veteran with the Hamilton Tiger-Cats of the Canadian Football League, said Tuesday night he has a \$90,000, three-year contract offer from a U.S. club.

Mosca, a tackle, said he will play out his option this year unless he can be released immediately.

He said he would play defensive end rather than tackle with

the U.S. team. He declined to name the club.

Mosca, 30, played for Notre Dame.

MUSKEGON (AP) — Unheralded Muskegon knocked off previously unbeaten Muskegon Heights, No. 1 ranked team in the Associated Press high school basketball poll, 65-59 Tuesday night. The loss was the Heights' first in 13 games.

MEXICO CITY (AP) — Pancho Rosales, manager of Manuel Ramos, said today that the Mexican heavyweight's next two fights probably will be in London, against Brian London and Henry Cooper.

Puck Patter

MARQUETTE—When the Marquette Iron Rangers clash with the U.S. Nationals tonight at the Palestra they will be going against one of the finest United States teams ever assembled. Although the U.S. Nationals have been defeated in the two tournaments held at Christmas time in this country and Canada, it doesn't mean that the U.S. team was weak; it just indicated that Russia, Canada, and Czechoslovakia were stronger than ever.

The Nationals have been steadily improving since their last appearance here in November and are in tremendous condition due to the large number of games they have played. In addition to this, they have tried out over thirty players in these games and have now settled on their lineup for the world championships. Not only do they have speed and conditioning, but they have plenty of depth. Due to a special working agreement with the U.S. league, they are allowed to dress and play 17 players per game against 14 for U.S. League teams. This gives them four lines and all four of them are of equal ability. One evidence of their recent strength is the fact that they have defeated Waterloo six straight times on Waterloo ice.

If Marquette is to gain a victory over this strong team they will not only have to put together one of their best games of the season but will need a little help from lady luck. Not only have the Iron Rangers experienced difficulty scoring this season but other teams seem to get all kinds of breaks around the net. One example of this was Rochester's tying goal Saturday night. The puck was going to miss the net by six feet, but instead hit one of the fallen Rochester players in the head and took a crazy bounce past goalie Brian Lunney and went in the goal. Game time has been moved back to 8:30 to allow the Nationals' chartered plane a little more time to get here from St. Paul.

Comets Defeat Rock, 99-92

Trenary Takes Dead Aim At First Central Crown

TRENARY — The Trenary Comets took dead aim at their first Central League basketball championship in history after fighting off the Rock Little Giants, 99-92, in a torrid battle here Tuesday night.

Trenary, a charter member of the Central Upper Peninsula League which was organized in 1947, has never captured a cage crown. Coach Steve Ellis' cagers are all but certain to win the 1966-67 title after defeating Rock for the second time this season.

The victory was the 12th straight for the Comets who face three more league foes in Rapid River, Garden and Bark River. The defeat left Rock with a 10-2 record and games remaining against Bark River, Eben, Cooks and Perkins.

Trenary shot out of the starting gate with a 30 point barrage in the first quarter and soared to a 20 point lead at halftime, 55-35.

Coach Gene DeKeyser's Little Giants refused to fold,

however, and stormed back with 29 points in the third quarter to cut the deficit to six entering the final frame.

Both teams poured a steady stream of shots through the nets in the closing eight minutes of action, with Trenary outscoring the Little Giants 29-28. Jack Mikulich, 5 foot 9 inch junior came through with three key buckets for the Comets in the stretch.

Kim Peterson, class 6 foot 1 inch senior center, came through with the best performance of his brilliant prep career to pace Trenary with 43 points. The veteran pivotman hit the target with 16 field goals and 11 free throws to boost his season point total to 455. It was his highest single game total of the season.

Ron Begovac, 5-11 senior, also reached high double figures for the Comets with 27 points.

All five Rock starters hit in

double digits with Larry Lippens tossing in 28 points, Pat Dube 20, Jim LaCrosse 16, John LaCrosse 16 and Jim Lippens 11.

Trenary's margin of victory came from the free throw line where the Comets converted 25 of 37 opportunities. The Little Giants cashed in on 8 of 19 chances from the line but outscored Trenary by five field goals, 42 to 37.

Trenary also won the jayvee game, 64-32.

Broncos Avenge Earlier Setback

BARK RIVER - HARRIS—Coach Tom DeBaker's Bark River-Harris Broncos gained revenge for an earlier setback by tripping the Cooks Clippers, 67-63, in Central League action here Tuesday night.

The Broncos staged a stunning fourth quarter comeback to overtake the Cooks cagers. The Clippers practically blew the Broncos out of the gym with a 21-7 lead in the first quarter. Cooks still led at the half, 34-25, and at the third quarter mark, 48-41.

Bark River - Harris surged with 26 points in the final eight minutes to the game with John Smith, a 5 foot 10 inch senior, setting the pace. Smith gunned in 17 points in the second half and finished with 22 for the game.

The Broncos capped the verdict with a steady stream of

free throws in the fourth quarter, hitting on 18 of 23 attempts. They made 27 of 45 in the game against 21 of 32 for the Clippers who outscored them from the field by one goal, 21 to 20.

Neil Hartman of Cooks shared individual scoring honors with Smith.

Cooks won the jayvee game, 42-37.

Emerald Cagers Beat Rudyard

MANISTIQUE—The Manistique Emeralds stepped outside the Great Lakes Conference to snap a short losing streak here Tuesday night, beating Rudyard 54-47 before a large Parents Night crowd.

Coach Rudio Brendstrom used all of his players in the contest and three of them reached double scoring figures, headed by Gary Sample with 15 points.

Parents of players and cheerleaders were introduced before the game and special recognition was accorded to Bill Cook, retired athletic director, for his efforts in acquiring a new school clock at the high school gym.

The Manistique jayvees, who won the preliminary game by a 58-55 margin, will travel to Newberry tonight to meet Sault Ste. Marie in the Great Lakes Conference tournament. Freshmen will play at 6:45 and the jayvees at 7:30.

Manistique's wrestling team, coached by Ron Rubick, will make its first appearance in a match against Newberry starting at 7:30 in the new high school gym.

Nahma Arrows Defeat Garden

NAHMA — The Nahma Arrows overcame a slowed down style of play by the Garden Jets to register a 54-47 Central League victory here Tuesday night.

Garden surprised the Jets in the early stages of the game and pulled to a 15-7 lead at the end of the first quarter. The Arrows rallied behind Steve Ritter's seven points in the second period and cut their deficit to one at halftime, 23-22.

Clay Running Out Of TV Victims

HOUSTON, Tex. (AP) — Heavyweight champion Cassius Clay apparently has run out of opponents able to milk a dime from closed circuit television and may have to hang up his gloves altogether if he converts some of the contenders to his Muslim faith.

The ring fighting Muslim minister, who handed Ernie Terrell a vicious beating with his fists and a taunting tongue last Monday night, now says he hopes to convert Terrell.

"I will some day," he said Tuesday.

The fighter who has renounced "my slave name of Cassius Clay" for the Arabic Muhammad Ali, said he wouldn't fight another Muslim.

"Five of the contenders right now are just about Muslims," he said. "I wouldn't fight a brother Muslim. I would retire and give the title to them."

Clay once again mentioned Zora Folley of Chandler, Ariz., Canadian champion George Chuvalo, and 23-year-old Thad Spencer as his next three title opponents but said that former champion Sonny Liston, if in shape, was the best of them all.

Clay said he had received an invitation from the king of Saudi Arabia to make a pilgrimage to Mecca and would go in about two weeks. Then he said he wanted to fight again in 10 weeks.

His program could be Folley, the 34-year-old, No. 2 contender, at Detroit in April, Spencer in

San Francisco in May or June. Chuvalo, whom he beat in 15 rounds in 1965, at the Montreal Exposition a month or so later, and possibly Liston, whom he stopped twice, in Sweden in late summer.

For his lop-sided victory over the half-blind, blood-smeared and head-lumped Terrell, Clay will collect about \$750,000. Terrell may earn about \$250,000.

A major portion of the income will come from the closed circuit television both here and abroad.

"But right now, there's no opponent who can draw more than a dime on closed circuit," said Bob Arum, an attorney for an official of Main Bout, Inc., which has the ancillary rights for Clay's fights.

Even the seats have locks in Chevrolets

We put automatic latches on all our folding seat-backs to keep them from flopping forward should you ever stop suddenly. The seat sits upright until you trip a latch.

Additional items we put into the '67 Chevrolet: handy pushbutton release for the seat belts, an ash tray that glides in and out on ball bearings, a 4-speaker stereo tape system you can add, not to mention noticeable improvements in the way the car rides and handles. Go to your dealer's.

BIRCH & MAPLE

Peninsula Potpourri

WAKEFIELD—The Quality Rubber Manufacturing Co., Inc., Chicago, has announced plans to establish a new plant in Wakefield for manufacture of rubber gaskets and seals for the automotive industry. Production is expected to start by April with employment eventually growing to about 100.

NEWBERRY—More than 20 of Newberry's leading citizens were jailed for up to six hours in a civic "crackdown" for the March of Dimes. The citizens were held until other residents of the area pledged enough to the March of Dimes to allow bail. About \$1,200 was raised.

CRYSTAL FALLS—A total of \$1,500 of a goal of \$7,000 has been pledged by citizens of the area to purchase an artificial kidney machine for a local resident. About \$4,000 would go toward purchase of the machine and \$3,000 to train personnel to use it. Officials said two treatments a week would be needed by Richard DeNell, Frank Lake, when he returns from a Milwaukee hospital.

MARQUETTE—A snowmobile operator, Stanley Folsad, 37, of Negaunee, was seriously injured when his machine collided with an automobile while crossing a highway.

GWINN—The Forsythe Township Board voted unanimously to retain an attorney to answer an order brought by the Michigan Dept. of Health instructing the township to proceed with arrangements to construct a sewage treatment facility. Board members said they were opposing the state's action because of lack of funds.

Downstate Frigid As Keweenaw Has Seven-Inch Snow

By The Associated Press
Glory be!

The weatherman ends his forecast for Thursday and Friday thus: "and a little warmer."

"Not as cold tonight," also is a welcome outlook after another frigid night in which thermometers were driven near zero or below almost everywhere in the Lower Peninsula.

Jackson was the coldest spot, with -17. Alpena and Lansing each had -16, and Flint -10. By strange quirk, it was warmer in the Upper Peninsula than in Lower Michigan. But even in the north subzero readings weren't missing, and up to seven inches of new snow fell on the Keweenaw Peninsula jutting out into Lake Superior.

ced with arrangements to construct a sewage treatment facility. Board members said they were opposing the state's action because of lack of funds.

MENOMINEE—Menominee police are investigating vandalism at Menominee High School which resulted in damage to a vending machine, glass doors, dispensers, and file drawers. Police believe the vandals were familiar with the interior of the school.

GWINN—Ground has been broken for a new "middle school" for sixth and seventh graders. Of estimated construction costs of \$620,000, the federal government will pay \$609,866 under public law, 815 for districts in federally affected areas.

Operation Action's Goal

Prosperity In U.P.

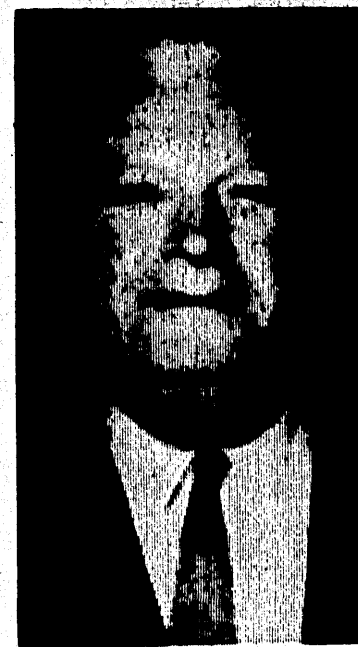

By JEAN WORTH

No person outside the Upper Peninsula in the last decade has given as much leadership to development of the economy of the area as Walker L. Cislcr of Detroit, board chairman of Detroit Edison Co.

A world-famed authority on energy needs in an industrial society, he has served the United States government in many domestic and foreign roles as a power consultant. He was the chief author of the Ebasco Report on the U. P.'s economy in 1952 and has in the past decade been very actively employed in counseling on U. P. economics as a tammate of Dr. Edgar L. Harden, president of Northern Michigan University. They are co-chairmen of Operation Action-U. P., an economic development agency stressing the use of the private sector in industrial build-up.

Equal Prosperity
Interviewed at the recent meeting of Operation Action at Northern Michigan College, Marquette, Cislcr summed up the ambition of his U. P. mission: "We must bring to the Upper Peninsula an equal share of the prosperity of the Lower Peninsula! I think it can be done and it is a goal to work to."

"Each Peninsula has its merits and resources. We are bringing about most economic development in our natural resources — our minerals, agriculture, waters and climate; the things that nature has given to us. We have been most

Walker L. Cislcr

effective in the upgrading of natural resources into economic values. This results in the creation of wealth.

"We must help nature to better agriculture and forestry and the use of our water resources. This also involves tourism and recreation and the economic growth that results from them."

Develop People
"And we must develop our people. They are the same here as elsewhere. They have certain hereditary and cultural backgrounds that are especially strong and which must be enhanced and developed. When we develop people we develop skills and organization."

"Economic growth is developed out of a background of material, human, financial and management resources. Production and marketing is similar, whether it's wood products or sports fishing — recreation is marketing; it is giving people things they need or want that they can pay for."

"The purpose of Operation Action is bringing people together for growth. If these people were not like-minded they wouldn't be here. They have resources of mind and this is the way that forces are organized. See what has been done with Great Lakes Toys."

(Operation Action performed a near miracle of revitalization of a failing Iron River toy factory by good management; turned a big annual loss into a \$50,000 profit last year, raised employees from 5 to 35 and

boosted their wages 50 per cent.)

"It is the story of the little acorns again. I've got great confidence in the future of the Upper Peninsula and I want to see more Upper Peninsula and Lower Peninsula integration and it will happen because people are minded to do it."

"Work is the product of force times distance. If you expend it and have firm traction and don't spin your wheels, you're going to move."

"Sometimes people apply energy of the mind to do work by mechanization or automation. Little electrical charges in the mind can motivate great forces."

The Bridge Builder
"The motivation on the Mackinac Bridge was in the mind of Prentiss M. Brown. He spent hour after hour on it and gave it a dedication and a purpose that can't be measured in horsepower."

"Some years ago a writer for Paris Soir came to Detroit to talk mechanization and automation and asked how I explained its great developments? I said what causes people to try to find a better way? Automation is man's endeavor to put into machinery what he has in his physical body. Thousands of years have taught man to mechanize. What he tries to do is extend what he's got within himself — the cranks and wheels and axis — to create greater production, the means to do more things."

"Instead of standing beside the machine himself he develops means of activating it and out comes man's creation in his own image, his body and structure, with the intelligence and motivation on tape instead of in his brain."

U. P.'s Outlook
"We must be very conscious (here in the Upper Peninsula) of what is going on in the world and in our own country. We must know what strategic moves we must make and how we can share in the world's progress. We know that there are a lot of people in the world and that too many may endeavor to concentrate in centers of population instead of spreading out. We can influence this situation."

"They plowed the buffalo grass under to use the soil for greater needs. My experience in many parts of the world is that this is the point of life; to deal realistically with the way that people live and work and hope."

"You wouldn't find a more capable group than the one here in New York, Detroit, London or Paris. This is a tremendous force. We don't have to go to New York; they come here."

"We must do all we can to advance the human race. No other country in the world has this motivation and I think we can work with a lot of other countries to help them. We are a nation with many backgrounds in its people. Nowhere else is this so true. Far inside Russia and in many other places 'America' is a great name in the minds of the people."

"It means creation, advancement and success to them. I've seen it in practically every part of the world. America is a great symbol. Its people came here from every part of the world to seek freedom and self-expression."

NOTICE TO BIDDERS
Sealed proposals will be received at the Office of the Alger County Road Commission, Munising, Michigan, until 10:30 A.M. E.S.T., February 20, 1967, at which time and place they will be opened for one portable primary type crusher and screening plant. Specifications may be obtained at the office of the Alger County Road Commission in Munising. The right to reject any or all proposals is reserved by the Alger County Road Commission.

Signed,
Alger County
Road Commission

City Treasurer

Maoists Alert For Coup Try

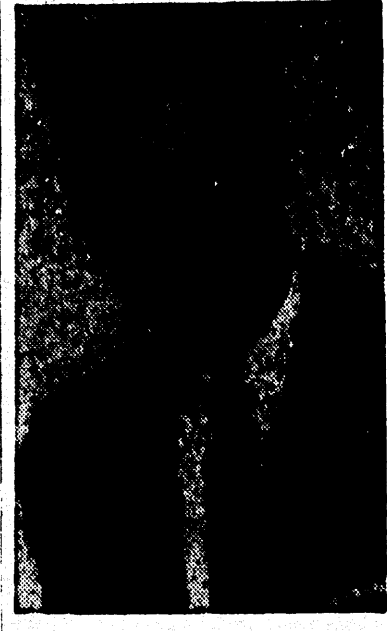

TOKYO (AP) — Mao Tse-tung's forces intensified their anti-Soviet campaign today with hostile demonstrations in a dozen Chinese cities and new orders for fighting the Kremlin's brand of communism.

The official New China News Agency said demonstrations were held throughout mainland China to emphasize "China's mounting protest against the Soviet revisionists' outrages."

The Peking correspondent of the Japanese newspaper Yomiuri said Mao had issued instructions for setting up in the Red capital a "liaison station for struggling against revisionism" — China's label for the Soviet brand of communism.

The Maoists also gave new evidence of trouble in their own ranks with a warning to the faithful to be on the alert against a "palace coup" or an "armed coup."

The "Red Guard's Forum" of the Kwangming Daily said Mao's followers have "been retaking one after another of the positions of power held by a handful of party people taking the capitalist road" but cautioned that the victories would stir attempts at a "counterseizure of power."

Lunar Orbiter At Moon Today

PASADENA, Calif. (AP) — Lunar Orbiter 3 meets the moon today to begin a circling search for the best landing spots on the rough lunar surface for U.S. astronauts.

"The spacecraft encounters the moon at 5 p.m. (EST) today," a spokesman for the National Aeronautics and Space Administration said. "That's when we plan the deboost maneuver."

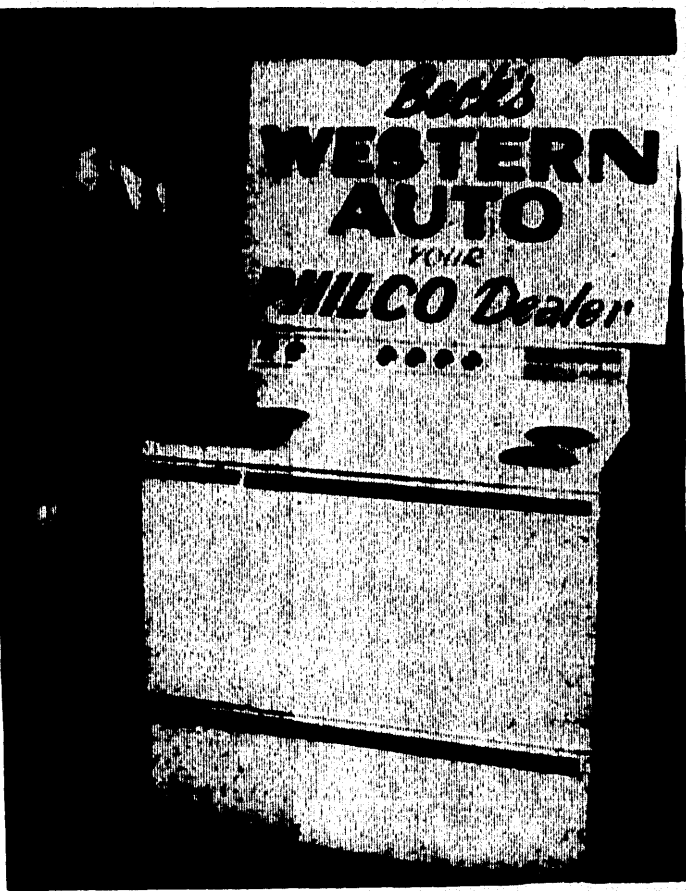

The deboost — a short snort from the craft's 100-pound thrust rocket — will slow it down enough to trap the 850-pound vehicle in an oblong orbit around the moon, scientists at the Jet Propulsion Laboratory said.

The spacecraft is the third model of the Lunar Orbiter sent to the moon to photograph landing sites. Lunar Orbiter 2 is still in orbit around the moon after sending back excellent photos of the lunar surface. Lunar Orbiter 1 was deliberately crashed on the moon.

The task of the third spacecraft is to photograph a dozen possible landing sites that may be smooth enough for astronauts to land.

World's first college cheerleader was R. C. Matthews, at the University of Illinois in 1903.
